Shop Local

Why? Because when you shop local, you invest in your community, in your neighbors, and in yourself.

In this economic climate, the best return on investment is in local business. It is estimated that for every dollar you spend, twice as much will be reinvested in the community by a local store than a national store.

Make a decision to find and patronize locally owned businesses whenever possible. Your community will thank you!

ROADHAZARD.ORG Motorcycle enthusiasts making our roadways safe
1.800.25.RIDER

The roadways throughout our great country have never been friendly to motorcyclists...

Whether it's those life-size potholes that appear from nowhere, the train tracks that have become so uneven they are more hazardous than traveling a gravel road, to construction areas that do not take motorcycles into consideration or the road signs that mysteriously disappear overnight. We are constantly on-guard against the challenges of manmade, as well as nature's elements.
